Evening Program Descriptions

These 45-minute ranger-led programs take place at the Apgar Campground Amphitheater, Lake McDonald Lodge Auditorium, and Fish Creek Campground Amphitheater.

AVIAN AQUATIC ACROBATS

Uncover the amazing ways water birds use the streams & lakes of Glacier.

BALANCING ACT

Ponder tough choices the NPS faces in preserving natural & cultural history.

THE BEAR FACTS

Gain an understanding of the great bear & its connection to wilderness.

BEAVER LODGE CONNECTIONS

Explore the fascinating world of beavers.

BEING NATIVE

Discover the definition of native through the lives of fish, plants, & people in Glacier.

BLAZING TRAILS

Hear tales of men who served in the CCC & Civilian Public Service in the 30s & 40s.

BOOTLEG LADY OF GLACIER PARK

Hear a tale of an intriguing early area resident with special guest Sha Riordan.

BOOTLEGGERS AND ROGUE RANGERS

Meet the colorful characters of Glacier's past.

CREATURES OF THE NIGHT

Uncover what's out hunting & creeping while you're sleeping.

FANTASTIC FELINES

Take a look at the elusive cats of Glacier & the critical role they fill here.

FREAKS OF NATURE

Enjoy an in-depth discovery of a few of Glacier's unique inhabitants.

GLACIERS 101

Unearth the role that glaciers, both past & present, play in the landscape.

THE HOPE OF THE HIGH COUNTRY

Uncover the struggles of a tree & the impact it has on wildlife.

IF THESE ROCKS COULD TALK

Take a journey through time & see the amazing geologic story of Glacier.

INTO THE WILD

Come learn about the unique wilderness of Glacier National Park.

IT TAKES A VILLAGE

How do tiny things, from sediment to snowflakes to human choices, impact Glacier?

JEWELS OF THE CROWN

Uncover the aquatic world found below the surface of Glacier's waters.

THE LAND ABOVE THE TREES

Find out how plants & animals are able to survive Glacier's harshest environment.

THE LIFE AQUATIC

Discover the interesting creatures that live in the pristine waters in Glacier.

NATIONAL TREASURES

Learn about the creation, evolution, & challenges facing the National Parks.

NATIVE AMERICA SPEAKS

Explore the rich Native American culture & heritage of the area. Speakers vary.

NATURE AT WAR

Discover how nature combats & overcomes diseases & infestations in Glacier.

ODD COUPLES

Explore the unexpected pairings of creatures & their habitats that make them unique.

PICTURE THIS

Take a peek into Glacier & uncover the stories that pictures have to tell.

THE POWER OF WATER

Discover how water sustains & shapes the Crown of the Continent.

RIDING THE TRAILS

Take a look back at Glacier's dude ranch days.

A ROAD TO YESTERDAY, TODAY, AND TOMORROW

Through controversy & challenge, the Going-to-the-Sun Road is world renowned.

SENTINELS OF THE FOREST

Enjoy a hands-on introduction to the tree species found in the park.

A SOARING SUCCESS STORY

Be inspired by the story of the bald eagle & current conservation projects.

THE SPIRIT OF GLACIER

Explore traditions of Glacier & how we're preserving this experience for the future.

SURVIVING WINTER

How do animals of Glacier make it through the months of cold & snow?

TRIPLE DIVIDE: HERITAGE & LEGACY

Gain a richer appreciation for Native American heritage through the songs & stories of Jack Gladstone.
